Arnold Hall Community Center

September 9, 2009

\$48 per dog
1 session/4 classes

Puppy Class meets 1800 to 1855 hours. The first class will be without your dog: just you, the owner. Bring the leash and collar you will be using, as well as the baggie of cheerios. The class will include talking about house training, chewing, digging, jumping, fear-based aggression and other issues.

Beginner Class is 1900 to 1955 hours. Again, the first, class will be without your four-legged friend. The class will include assessing each of the dogs present level of appropriate, inappropriate behavior, based upon owner's responses, and focusing on what learning is from the dogs point of view.

Advanced Classes will be offered, when sufficient interested pet owners are available!
