

Lackland Libraries

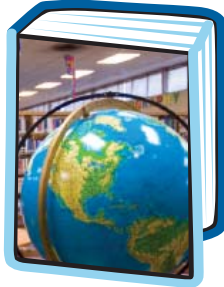

The two facilities comprising the 802d Force Support Squadron library operation are part of the Air Force Library & Information System. Its slogan is "Your Worldwide Information Connection."

That's what Lackland's Main Library and Wilford Hall Medical Center's Patient Library are all about.

The Patient Library has conducted hundreds of ward visits reaching thousands of patients, including combat casualties, in a year.

At the Main Library, seven sound-proof booths of various sizes support one to four patrons each - a service no other Air Force base offers. One booth offers audio cassette, CD, and DVD equipment.

With approximately 70,000 volumes, Lackland houses the largest general library in the Air Force.

Available on the Computer

Research is easier than ever thanks to desktop icons to online services giving immediate access to data bases and military resources complete with full-text articles, graphics and data to meet every information need.

- Internet
- CD Burners
